

Hello,

I am a country girl at heart and I love my life. It is that simple.

I am curious by nature and love seeing change around and this is why I love shooting weddings. I am fascinated with and love capturing the connections we have with others in our lives.

I'm inspired by people stories, music, light, gesture and little kids who are cooler than me.

My goal is to make honest, authentic and beautiful photographs. I work predominantly in a reportage style and I will capture your day as it unfolds together with some lightly directed portraits of the two of you.
